

The Mystic Christ—JESUS, BUDDHA AND KRISHNA ARE ONE...

The Mystic Christ

The light of non-duality and the path of love according to the life and teachings of Jesus

Ethan Walker, III

The Mystic Christ by Ethan Walker, III

The Mystic Christ is an ancient tale of mystic union, salvation, and enlightenment. It is the careful uncovering of a lost treasure of immeasurable value, long buried in the suffocating darkness of conventional orthodoxy on one side, and blind fundamentalist extremism on the other. From the viewpoint of the world's mystical religious traditions, the brilliant light of the Master's way is revealed as a penetrating, radical non-duality unifying all people and all of life. His path to this all-embracing unity is the spiritual practice of selfless love. Love God intensely, love our neighbor as our own Self, bless those that curse us, and pray for those that mistreat us. The central problem with our world today is that love has been lost, becoming nothing more than a word in the dictionary and, yet, love is the essential compelling message given to us by Jesus 2,000 years ago.

The Mystic Christ is also the story of the ego, the personification of ignorance, and how it has distorted and subverted the sublime sayings of the Master, twisting reality into unreality and light into darkness. The ego is the Antichrist in this ancient drama that has gripped every culture for all time in its talons of self-centered perception. The ego is anti-love.

Adam and Eve were not the first people, the original nature of man is good, scripture is not infallible, Jesus is one of the ways, reincarnation is our future, the resurrection is a personal spiritual awakening, and no one is damned to hell for all eternity. And it's all in the Bible! These issues are carefully and lovingly revealed in the life and sayings of Jesus.

The Mystic Christ is at once profoundly fascinating, deeply historic and electric with the vibration of the mystical experience.

...Step Into The River Of Divine Love!

The Mystic Christ

by Ethan Walker III

The light of non-duality and the path of love according to the life and teachings of Jesus.

With the skill of a surgeon and the wisdom of Socrates, Walker unwraps the 2000 year old web of misinformation that has kept the brilliant light of the Master from the world. Walker artfully peels away centuries of abuse at the hands of the my-way-or-the-highway pirates of religion. He gives Jesus back to the hearts and souls of a humanity that yearns for the love of the Divine. He reveals a Jesus that is positively enchanting for practitioners of any spiritual discipline.

The Mystic Christ is thoroughly punctuated with quotes from Buddha, Krishna, Lao Tzu, the Koran, the Gnostic Gospels, the Jewish Kabbalah and other masters and works of the great mystical traditions. But, most importantly, over 230 scriptural references from the Old and New Testament are presented and skillfully explored to illustrate the harmony that exists between the life and teachings of Jesus and the world's great religions. This puts *The Mystic Christ* in a class of its own.

- Jesus was a living example of Vedanta and Buddha Nature
- Love was the path that the Master taught for attaining the Supreme
- The Pharisees are still with us as a mindset
- The ego obscures our Original Nature
- The Bible has many references to reincarnation and many early church fathers believed in it
- The nature of a Christ or enlightened being is empty like space
- Jesus never said he was the "only way"
- The Master taught that the kingdom of God is within us
